

CALET notes  
November 3, 2009

Motion to:

Develop letter to CDE to address connection of technology standards to new content standards review  
John Canuel and Arlene Salyards will develop letter

- Concern that the new state content standards review do not include the connections to state technology – library standards and the relationships given by technology and library leaders.
- Request that communication on new standards review does not include wording on connection of new content and state technology standards
- Commitment that CDE will work with district technology leaders in developing connections between new content standards and state technology – library standards
-
